"All About the Horse"

Seminar in the Arena with Round Pen and various breeds of horse !

Covering the **"raw"** instinctive behavior of the horse, what are they born with, how and why they use it, what can be done to modify it at different age and focus periods, asking the horse to modify any behavior and finally how to get that **"trust"** in the relationship with the horse so that the horse and rider become one with focus !

Bob Bilger of Stallion Ranch and Round Table Friesians has been working **"with"** horses for over 40 years and has been training, breeding and raising horses for outdoor and cross country use for over 30 years ! Bob has extremely vast knowledge of "what the horse thinks" in any given situation and "how they will use" both their **"raw instinctive"** behavior and **"learned behavior"** given a magnitude of exposure to various situations ! Majority of Bob's training is for various outdoor riding venues both pleasure and competition . Bob has raised and started many horses for himself and others although his passion is in taking the *"problem"* horse with a few or many issues and *"reaching"* the horses psychological side and then modifying the behavior issues; ending with a very calm and controllable "partner" for the next rider or trainer !!

For almost 20 years Bob took in nothing but *"problem"* Stallions and was successful in *"reaching"* every one; modifying its behavior, allowing the stallion rider to go on and be under complete control !

This is one you do not want to miss "IF" you have or ever had questions as to "WHY" a horse does what it does and "HOW" to modify the behavior so that you have a willing partner for anything you want to do with the horse !

This Seminar is for "anyone" that has questions about the horse; regardless if they own one or just want to know more about this fantastically *"willing"* animal !!

Conducted from 1:30 Pm until 3:30 Pm regardless of weather as the arena is heated

\$ 20.00 per person at the door and 18 years and under Free
